

Annex C. National/regional requirements

AUSTRIA – AUSTRIAN RESEARCH PROMOTION AGENCY- ÖSTERREICHISCHE FORSCHUNGSFÖRDERUNGSGESELLSCHAFT MBH (FFG)

a) National/Regional information and eligibility criteria

| | |
|--|--|
| Contact Point | <p>Paul Kuttner paul.kuttner@ffg.at +43 5 7755 5069</p> <p>Helfried Mährenbach helfried.maehrenbach@ffg.at +43 5 7755 5058</p> <p>Johannes Bockstefl johannes.bockstefl@ffg.at +43 5 7755 5042</p> <p>For Call Module 5: Johannes Fritzer johannes.fritzer@ffg.at +43 5 7755 5032</p> |
| Funding commitment | <p>Call Modules 1, 2, 3, 8 and 10: 3.5 Mio. € (financed by the Federal Ministry for Climate Action, Environment, Energy, Mobility, Innovation and Technology [BMK] – thematic focus energy transition)</p> <p>Call Module 5: 2.0 Mio. € (financed by the Federal Ministry for Climate Action, Environment, Energy, Mobility, Innovation and Technology [BMK] – thematic focus mobility transition)</p> <p>Call Modules 4, 6, 7, 9: 5.0 Mio. € (financed by the Austrian Climate and Energy Fund)</p> |
| Anticipated number of projects to be funded | n.a. |
| Maximum funding per awarded project/per partner | Maximum funding per project 1 Mio. € (exploratory projects for preparing further R&D&I projects in the form of an R&D projects in CM 8: 0.3 Mio. €) |
| Eligible types of organisations | In general, universities, research institutes, SMEs and large companies, cities, municipalities and NGOs (legal entities) are eligible for funding. The complete eligibility criteria and definitions may be found in the national guidelines . |
| Eligible Call Modules | All |
| Eligible types of RDI and TRL | Industrial research & experimental development TRL 2-8 |
| Submission of proposal | National application via eCall is mandatory: Submission deadline pre-proposals: 26 November, 2024 at 12:00 (CET) |

| | |
|---|--|
| /documentation at national/regional level | Submission deadline full proposals: 2 April, 2025 at 15:00 (CEST) |
| Additional eligibility criteria | <p>At least one enterprise that receives funding is mandatory as a partner in any transnational consortium involving Austrian partners. It is not mandatory for this enterprise to be located in Austria.</p> <p>All Austrian partners in one project must select the same research type.</p> <p>For Call Module 4 applications: Thematic restriction for Austrian participants: With regard to potential implementations in Austria, the Austrian legal restrictions regarding the maximum volume of geological CO₂ storage are to be kept. Only unavoidable residual emissions reduced to a technical minimum are to be offset by technical sinks in CCUS projects.</p> <p>For Call Module 5 applications: Thematic restriction for Austrian participants to climate-neutral hydrogen (as a fuel, produced by electrolysis or based on biogenic raw materials) or fuels produced by the use of green hydrogen as a reactant (e.g. Power-Liquid, Power-to-Gas, Power-to-Ammonia).</p> <p>The contribution of Austrian participants in submitted proposals must be focused on the development and use of hydrogen and fuel cells in mobile applications. According to the goals of Austria's National Hydrogen Strategy, the proposals must focus on applications in the transport sector, where electrification is difficult to achieve (e.g. aviation, heavy-duty road and rail transport, shipping).</p> |
| Eligible costs | <p>Personnel costs, Overhead costs (flat rate), Use of R&D infrastructure, Costs of materials, Third-party costs, Travel costs.</p> <p>For detailed information see the national cost guidelines.</p> <p>Costs must be allocated directly to the project, incurred during the funding period in addition to normal operating expenses, correspond to the funding contract and can be proven.</p> |
| Information available at | ... the CETP Call 2024 national website |
| Other | <p>Applicants are strongly encouraged to contact FFG before submitting a pre-proposal.</p> <p>In parallel to the submission of the joint proposal by the coordinator, a simplified national application is to be submitted via the FFG electronic submission system eCall by participants requesting funding by FFG (both in the pre-proposal and in the full proposal stage).</p> <p>For projects awarded funding scientific and financial reporting via eCall on an annual basis is mandatory.</p> |

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development/innovation |
|---|-----------------------|------------------------------------|--|
| Large Enterprises | n.a. | 55% | 35% |
| Medium Enterprises | n.a. | 70% | 50% |
| Small Enterprises | n.a. | 80% | 60% |
| Universities, public research organisations | n.a. | 85% | 60% |
| Public authorities | n.a. | 80% | 60% |
| Associations without economic activities, NGOs | n.a. | 80% | 60% |

BELGIUM/FLANDERS – FONDS INNOVATIE EN ONDERNEMEN (FIO/VLAIO)

a) National/Regional information and eligibility criteria

| | |
|---|---|
| Contact Point | Frank Verschraegen, frank.verschraegen@vlaio.be, +32 471 55 98 19 |
| Funding commitment | 1.000.000 euro, excluding EC topup |
| Anticipated number of projects to be funded | 2-3 |
| Maximum funding per awarded project/per partner | 500.000 euro per awarded project |
| Eligible types of organisations | VLAIO is involving the Programmes for Development projects and Research projects. Therefore the involvement of at least one private company (SME or large company) based in Flanders is mandatory (with the possibility to cooperate with research organisations). |
| Eligible Call Modules | All Modules. |
| Eligible types of RDI and TRL | Research projects and Development projects, up to TRL 7. |
| Submission of proposal /documentation at national/regional level | An annex is to be submitted together with the international project proposal to Flanders Innovation and Entrepreneurship. The annex(es) must be read together with the international project proposal. For this reason the focus of this annex should <u>only</u> be on the role of the (Flemish) company in the project, the nature of the activities to be carried out by the Flemish partners and the impact of the project results for the company in particular. |
| Additional eligibility criteria | Applicants should motivate how the realization of the project will create added value for the company in Flanders. Subsidies range from: 35-60% for development projects 60-70% for research projects |
| Eligible costs | Personnel costs and related direct and indirect costs according to VLAIO rules. |
| Information available at | Application process for research project grant Agentschap Innoveren en Ondernemen (vlaio.be) The template annex for international and interregional projects can be found under the documents section. The template budget application can also be found here. Subsidies voor O&O&I in een internationaal consortium Agentschap Innoveren en Ondernemen (vlaio.be) |
| Other | It is advised to contact VLAIO before submission (see contact point above), in order to avoid ineligible projects and consortia. |

b) Funding rates

Maximum funding percentages (in case the Flemish company cooperates with 1 or more Flemish research organisations):

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---|-----------------------|---|---|
| Large Enterprises | N/A | 65% | 40% |
| Medium Enterprises | N/A | 70% | 50% |
| Small Enterprises | N/A | 70% | 60% |
| Universities, public research organisations | N/A | As research partner of the enterprise, same funding rates as above. | As research partner of the enterprise, same funding rates as above. |
| Public authorities | N/A | Not funded | Not funded |
| Associations without economic activities, NGOs | N/A | Not funded | Not funded |

Maximum funding percentages (in case the Flemish company does not cooperate with 1 or more Flemish research organisations):

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---|-----------------------|---|---|
| Large Enterprises | N/A | 60% | 35% |
| Medium Enterprises | N/A | 60% | 45% |
| Small Enterprises | N/A | 60% | 50% |
| Universities, public research organisations | N/A | As research partner of the enterprise, same funding rates as above. | As research partner of the enterprise, same funding rates as above. |
| Public authorities | N/A | Not funded | Not funded |
| Associations without economic activities, NGOs | N/A | Not funded | Not funded |

BELGIUM/WALLONIA – SERVICE PUBLIC DE WALLONIE (SPW)

a) National/Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Suleau Marie marie.suleau@spw.walonie.be Gilles Tihon gilles.tihon@spw.walonie.be |
| Funding commitment | 1 500 000 |
| Anticipated number of projects to be funded | / |
| Maximum funding per awarded project/per partner | / |
| Eligible types of organisations | Participation of a private company is mandatory (minimum 40% of total Walloon budget). According to the rules of SPW. - Industrial Researches (TRL 3 to 5) : Universities, Research Centers, SME, large companies, settled in Wallonia -Experimental Development (TRL 6 to 7 (8)) : only SMEs and large companies settled in Wallonia -other companies or NGOs for promotion activities |
| Eligible Call Modules | All TRI 1 to 7 |
| Eligible types of RDI and TRL | RI & RIA All TRL, regarding the conditions on TRL per call module |
| Submission of proposal /documentation at national/regional level | The pre-proposal has also to be submitted on our own portal by our “regional partner”. The pre-proposal can be in English. If selected for presenting a proposal, this proposal must be in French AND English |
| Additional eligibility criteria | -The partners in Wallonia MUST give a pdf file from their 2021 balance published on Banque Nationale de Belgique - The project cannot receive double funding; a specific form has to be filled in; - The budget for the Walloon partners should follow the SPW-EER (DGO6) cost model; - The funding rate will be the maximum allowed by the decree of the 3rd of July 2008, modified; - The beneficiary must have a stable financial situation; A financial viability check has to be carried out before being recommended for full proposal. - The beneficiary must have Operational offices in the Walloon Region; - The project must add benefit to the regional economy; - All information needed for evaluation should be available; |
| Eligible costs | Available : https://recherche.walloonie.be/guide-dependes-eligibles |
| Information available at | Will be published on https://recherche.walloonie.be/home.html and https://energie.walloonie.be/fr/index.html?IDC=6018 |
| Other | |

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---------------------------|-----------------------|------------------------------------|---|
| Large Enterprises | 65% | 65% | 40% |
| Medium Enterprises | 75% | 75% | 50% |
| Small Enterprises | 80% | 80% | 60% |
| Universities, HE | 100% | 100% | 100% |
| Research Centers | 75% | 75% | 75% |

All the conditions are available on : <https://recherche.wallonie.be/home/nos-aides-1/minscrire-dans-une-demarche-internationale-international.html>

CANADA/ALBERTA – EMISSIONS REDUCTION ALBERTA (ERA)

a) National/Regional information and eligibility criteria

| | |
|--|---|
| <p>Contact Point</p> | <p>Isabella Tarasco, Technology Investment Lead (Main Contact) Email: itarasco@eralberta.ca</p> <p>Christophe Owtrim (Executive Director, Technology and Innovation) Email: cowtrim@eralberta.ca</p> |
| <p>Funding commitment</p> | <p>Total ERA funding envelope is \$3 million CAD (~€2 million at current exchange rate). ERA in its sole discretion reserves the right to modify the total funding available under this Call.</p> |
| <p>Anticipated number of projects to be funded</p> | <p>Approximately 3-4 anticipated.</p> |
| <p>Maximum funding per awarded project/per partner</p> | <p>\$1 million CAD (~€0.68 million at current exchange rate) per project. ERA in its sole discretion reserves the right to modify the maximum funding awarded per project. ERA will not award less than \$250,000 CAD (~€170,000 at current exchange rate) per project.</p> |
| <p>Eligible types of organisations</p> | <p>ERA funding is open to all categories of applicant, including technology developers, industry, industrial associations, small and medium-sized enterprises (SMEs), research and development (R&D) organizations, universities, municipalities, not-for-profit organizations, government research labs, and individuals.</p> |
| <p>Eligible Call Modules</p> | <p>All focus areas mentioned in the CETP Joint Call 2024 guidelines for Modules 2, 3, 4, 6, 7 and 10 are eligible for Alberta/Canada. However, the following areas for CCUS are NOT eligible for Canada/Alberta region:</p> <ul style="list-style-type: none"> • Acid gas injection • Offshore storage <p>For all focus areas, ERA funding will NOT be provided to projects whose primary focus is commercially proven technologies/processes, activities assessed to be business-as-usual, or to address only financial barriers.</p> |
| <p>Eligible types of RDI and TRL</p> | <p>ERA funding is targeted for projects at the technology scale-up, field pilot, commercial demonstration, or commercial implementation stages (TRL 5-9).</p> |
| <p>Submission of proposal /documentation at national/regional level</p> | <p>In addition to the CETP Joint Call 2024 proposal, ERA may require applicants, during the <u>full proposal stage ONLY</u>, to provide supplemental information to support due diligence and portfolio reporting. This information may include detailed budget information, financial report(s), an extended Greenhouse Gas benefits analysis, and/or additional information on the specific alignment with the Alberta market. Supplemental information relates to both the overall project and the component of the project based in Alberta. The final document for the Supplemental Information must be no more than 20 pages in length excluding appendices. Financial reporting will be required for the Alberta-based partner(s) on the project and is mandatory for the project partner that will receive funding from ERA. The Supplemental Information document, budget sheet and</p> |

| | |
|--|---|
| | <p>appendices must be submitted via email to ERA Applications at applications@eralberta.ca.</p> |
| Additional eligibility criteria | <p>Applicants are NOT required to be located in Alberta, but all applicants must demonstrate a clear value proposition for the province. Applicants must demonstrate how the proposed project has the potential to support emissions reductions in Alberta.</p> |
| Eligible costs | <p>ERA will match applicant contributions toward eligible expenses on a one-to-one (1:1) basis. The maximum ERA contribution to a single project will be no more than 50% of the project’s eligible expenses.</p> <p>ERA will not match other government funds provided directly for the proposed project (federal, provincial, or international), or future revenue associated with the outcomes of the project such as offset credits or emissions performance credits associated with the project, tax incentives associated with the project (e.g., Canadian SR&ED credits), revenue from sales of the project’s end-products (e.g., from offtake agreement), or non-eligible contributions. Applicants must justify the amount of funding requested.</p> <p>For information about eligible expenses and costs, please refer to the <i>ERA Eligible Expenses and Cost Instructions document</i> available HERE.</p> |
| Information available at | <p>https://www.eralberta.ca/</p> |
| Other | <p>Applicants are encouraged to partner with Alberta’s post-secondary and research institutions, Indigenous communities, and municipalities where appropriate. These partnerships can offer significant benefits, including the attraction and training of highly skilled workers, increasing Alberta’s innovation capacity, engagement of local communities, and leveraging complementary resources.</p> <p>ERA is working in partnership with other funding organizations in Alberta and across Canada. In some cases, there may be an opportunity for ERA to share applicants’ proposals with trusted partners and other funders in the system to explore possibilities to leverage funding available from these organizations. Potential funding programs and opportunities that may align with the Call or be of interest to applicants include:</p> <ul style="list-style-type: none"> • Alberta Innovates • Alberta Indigenous Opportunities Corporation • Alberta Indian Investment Corporation • ISED Strategic Innovation Fund • Natural Resources Canada Programming • Prairies Economic Development Canada • Canadian Agri-food Automation and Intelligence Network • Results-Driven Agriculture Research <p>A complete list of trusted funding partners can be found on ERA’s website.</p> |

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---|-----------------------|------------------------------------|---|
| Large Enterprises | Ineligible | 50% | 50% |
| Medium Enterprises | Ineligible | 50% | 50% |
| Small Enterprises | Ineligible | 50% | 50% |
| Universities, public research organisations | Ineligible | 50% | 50% |
| Public authorities | Ineligible | Ineligible | Ineligible |
| Associations without economic activities, NGOs | Ineligible | 50% | 50% |

CZECH REPUBLIC – TECHNOLOGY AGENCY OF THE CZECH REPUBLIC (TA CR)

a) National/Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Name: Magdalena Pillasagua Ptakova E-mail: magdalena.pillasagua@tacr.cz Tel: +420 775 871 321 |
| Funding commitment | 800 000 EUR |
| Anticipated number of projects to be funded | 4-5 |
| Maximum funding per awarded project/per partner | Maximum funding rate (intensity) per project (Czech part): 80 % Maximum funding (amount) per project (Czech part): 200 000 EUR per project |
| Eligible types of organisations | <ul style="list-style-type: none"> • Enterprises (according to Annex 1 of the Regulation) • Enterprises who act as natural persons according to Annex 1 of the Regulation engaged in an economic activity pursuant to Act no. 455/1991 coll. on Trades (Trade Act). • Research organisations (according to Article 2 paragraph 83 of the Regulation) <p>TA CR excludes the disbursement of individual aid to an enterprise:</p> <ul style="list-style-type: none"> • against which a recovery order has been issued which is unpaid • meeting the definition of an “undertaking in difficulty” • which has not met the obligation to publish the financial statements for the years 2021, 2022, 2023 in the respective register - the so-called "Veřejný rejstřík" • which has not disclosed its ownership structure in the so-called “Evidence skutečných majitelů” |
| Eligible Call Modules | <p>* <i>Czech Applicants are eligible to participate in Call Modules under TRI 1, TRI 3, TRI 5 and TRI 7.</i></p> <p>Eligible Call Modules:</p> <ul style="list-style-type: none"> • CM2024-01 Energy data spaces and interoperability • CM2024-02 Energy system flexibility: renewables production, storage and system integration • CM2024-04 Carbon capture, utilisation and storage (CCUS) • CM2024-05 Hydrogen and renewable fuels • CM2024-08 Integrated regional energy systems • CM2024-10 Clean energy integration in the built environment |
| Eligible types of RDI and TRL | Applied research (industrial research and experimental development) TRL: 3-9 |
| Submission of proposal /documentation at national/regional level | <u>Mandatory forms to be submitted</u> The Czech applicants are requested to submit: <ul style="list-style-type: none"> • A Sworn statement of the applicant |

| | |
|---|---|
| | <ul style="list-style-type: none"> • Completed “TACR Application Form” Excel file (submitted by the main Czech applicant only)* • if the applicant plans to achieve “Nmet” type of result, the mandatory form for Nmet result needs to be attached* • if the applicant plans to achieve the “Patent” type of result, patent search must be substantiated* • Sworn statement of the composition of the consortium (only if Czech enterprise is part of the project consortium; submitted by the main Czech applicant only) <p>All mandatory documents to be found on TA CR website. Deadline for submitting all documents is the same as the deadline for submitting pre-proposals. All documents proving the eligibility of the Czech partner stated above shall be submitted via the TACR data box (TACR data box ID: afth9xp).</p> <p>*Applicants who will not submit this mandatory form (if relevant) via databox <u>before the deadline</u> will be considered as not eligible for TA CR funding.</p> <p><u>Project start</u> Please note that following national legislation, Czech applicants shall start within 120 days from the funding decision being communicated by the Call Management (60-day period to enter into a contract + 60-day period to start the project).</p> |
| <p>Additional eligibility criteria</p> | <p><u>Eligible projects for TA CR</u></p> <ul style="list-style-type: none"> • the project meets the definition of applied research • the research results correspond to the national rules and are applicable / exploitable. (The project proposal has to include a clear description of the exploitation plan and results.) • the aim of the project has to be relevant to the overall aim of the funding programme SIGMA • the declared share of industrial research and experimental development corresponds to the activities of the Czech partner described in the project proposal • the requested funding meets the national regulations for aid intensity <p><u>Supported results</u> Projects that achieve at least one of the following types of results can be supported in this Call. The type of the result has to be clearly described in the project proposal:</p> <ul style="list-style-type: none"> • P - patent • G - technically realised results - prototype, functional sample • Z - pilot plant, proven technology • R - software • F - results with legal protection - utility model, industrial design • N - Certified methodologies and practices, treatment, conservation methods, procedures and specialised maps with professional expert content • O - Miscellaneous |

| | |
|--|---|
| | <p>Results supported only in combination with at least one other result listed above:</p> <ul style="list-style-type: none"> • H - results reflected in non-legislative directives and regulations binding within the competence of the respective provider and results reflected in the approved strategic and conceptual documents of the state or public administration <p><u>Intellectual Property Rights</u></p> <p>The applicants are required to enter into a contract with their foreign partners (sign the so-called Consortium Agreement) which will define the conditions of cooperation on the project where, among other things, they specify the method of allocating rights to the research results, as well as adjustment and management of the rights imported or created during the project's implementation, which are necessary to address the project.</p> <p><u>Submission of financial and scientific reports at the national/regional level</u></p> <p>Czech beneficiaries must follow the rules of TA CR for reporting on the project (i.e. submission of interim and final reports and reports on the implementation of the results).</p> <p><u>Publicity obligations</u></p> <p>While promoting the project and its results Czech beneficiaries must follow the publicity rules of TA CR.</p> |
| <p>Eligible costs</p> | <ul style="list-style-type: none"> • personnel costs (including scholarships) • subcontracting costs (max. 20% of total eligible costs throughout the whole project period) • other direct costs (write-offs, protection of intellectual property, operating expenses, travel costs, consumables) • indirect costs (overheads) - full cost/flat rate 25% (indirect costs in the respective year are calculated as 25% of the sum of the personnel costs and other direct costs in the same year) <p>Specific categories of eligible costs are defined under Article 18 of the General Terms & Conditions.</p> |
| <p>Information available at</p> | <p>ERA-NET Cofund Scheme on TA CR website (in Czech) ERA-NET Cofund Scheme on TA CR website (in English) National research programme SIGMA (in Czech) National research programme SIGMA (in English) "Guide for Czech applicants" and all mandatory forms will be available on TA CR website (in Czech).</p> |

b) Funding rates

Maximum funding percentages:

The aid intensity for each Czech applicant in the project is determined based on the type of entity according to the [Regulation](#) and at the same time must not exceed the maximum permissible aid intensity for the Czech part of the project, which is **80 %** of the total eligible costs.

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|--|----------------|-----------------------------|--------------------------------------|
| Large Enterprises | x | 50-65* % | 25-40* % |
| Medium Enterprises | x | 60-75* % | 35-50* % |
| Small Enterprises | x | 70-80* % | 45-60* % |
| Universities, public research organisations** | x | up to 100 %*** | up to 100 %*** |

* If the "bonus for effective collaboration" is achieved

**Research organisations must satisfy the definition in the Act and the Framework

***While respecting the maximum permissible aid intensity of 80 % per project

DENMARK – ENERGY TECHNOLOGY DEVELOPMENT AND DEMONSTRATION PROGRAMME (EUDP)

a) National/Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Wickie Lassen Agdal wbl@ens.dk +45 33 92 92 73 |
| Funding commitment | 1.340.000 EUR |
| Anticipated number of projects to be funded | N/A |
| Maximum funding per awarded project/per partner | 1.340.000 EUR |
| Eligible types of organisations | Private business enterprises, knowledge institutions and public business enterprises are eligible for aid. However, for the <i>project</i> to be eligible at least one Danish private business enterprise should participate as an active partner (<i>more information under “Additional eligibility criteria” below</i>). |
| Eligible Call Modules | All NB: EUDP does not support research activities under CETP . The applicant should choose “Innovation Fund Denmark” for research focused projects and “EUDP” for development and demonstration focused projects. <i>Contact the relevant national contact point for guidance as early in the application process as possible.</i> |
| Eligible types of RDI and TRL | EUDP supports projects focused on development and demonstration of new energy technology (TRL 4-8). |
| Submission of proposal /documentation at national/regional level | EUDP require submission of specific appendices for national eligibility check (national proposal) . Appendices and more information are available at: https://eudp.dk/soeg-tilskud (<i>Scroll and choose the page relevant to CETPartnership 2024</i>). |
| Additional eligibility criteria | It is required that a project is Industry driven , where at least one Danish private business enterprise (with a Danish CVR-nr.) participates as an active partner. An active partner should have a significant expected contribution and the potential to generate effects in a Danish context such as growth and/or employment and/or contribute to Danish climate policy objectives (e.g. CO ₂ -reductions and/or security of supply). The above-mentioned criteria must be clearly substantiated in the separately submitted national proposal to EUDP . EUDP’s assessment criteria for national proposals under CETPartnership can be found in the EUDP document package here: https://eudp.dk/soeg-tilskud (<i>Scroll and choose the page relevant to CETPartnership 2024</i>). |
| Eligible costs | <u>Eligible costs include:</u> <ul style="list-style-type: none"> • Personnel costs. |

| | |
|--|--|
| | <ul style="list-style-type: none"> • Instruments and equipment. • Buildings. • Other operating expenses, including materials. • External/sub-supplies. • Overhead costs. • Other/travelling/dissemination. <p>Danish applicants must comply with the EUDP rules which can be found here: Danish version / English version.</p> <p><u>It is not possible to receive funding for activities, which aim to:</u></p> <ul style="list-style-type: none"> • Conduct research. • Develop business models, market analyses, direct sales promotion and other commercial market activities, including deploying existing technology or commercial operation of plant and similar. • Expand infrastructure. • Implement preproduction planning or to streamline production or control processes and similar. • Establish new institutions or continue existing institutions through operating grants etc. • Fund operating expenses in connection with partnerships, as these are expected to be paid by the participating parties. • Purchase land and to fund related costs. • Complete case-processing by the authorities in connection with building projects, environmental approvals and similar. • Obtain patents and similar rights. |
| <p>Information available at</p> | <p>https://eudp.dk/soeg-tilskud</p> |
| <p>Other</p> | <p>It is highly recommended that you reach out to the national contact point prior to submitting the application.</p> |

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|--|----------------|-----------------------------|--------------------------------------|
| Large Enterprises | N/A | N/A | 40 % |
| Medium Enterprises | N/A | N/A | 50 % |
| Small Enterprises | N/A | N/A | 60 % |
| Universities, public research organisations | N/A | N/A | 90 % |
| Public authorities | N/A | N/A | 40 % |
| Associations without economic activities, NGOs | N/A | N/A | Depends on organisation size |

DENMARK – INNOVATION FUND DENMARK (IFD)

a) National/Regional information and eligibility criteria

| | |
|--|---|
| Contact Point | <p>Daniel G. Marques daniel.g.marques@innofond.dk, +45 6190 5006</p> <p>General mailbox: internationale@innofond.dk</p> |
| Funding commitment | 1.3 MEUR |
| Anticipated number of projects to be funded | 5-7 projects |
| Maximum funding per awarded project/per partner | <p>The maximum funding amount per Danish partner in international projects is 300.000 €. The maximum funding amount per project, if the project has two or more Danish partners, is 500.000 €.</p> <p>Maximum funding rates apply according to IFD's Guidelines for International Collaborations.</p> |
| Eligible types of organisations | All Danish organizations directly involved in activities in the projects are eligible as applicants to Innovation Fund Denmark. |
| Eligible Call Modules | All call modules are eligible. |
| Eligible types of RDI and TRL | <p>All TRL levels are eligible.</p> <p>For call modules where the Danish Energy Technology Development and Demonstration Programme (EUDP) also participates, the applicant must choose IFD for more research-focused projects and EUDP for more development-focused projects (see EUDP's national annex for specific conditions).</p> |

| | |
|--|--|
| <p>Submission of proposal /documentation at national/regional level</p> | <p>After the deadline for pre-proposals, Innovation Fund Denmark will, via our national e-grant platform, invite applicants to upload the project proposal with annexes. The invitation is sent approximately 2-4 weeks after the application deadline.</p> <p>Non-public organisations will be requested to upload a 'No undertaking in difficulty declaration' and a 'Financial and legal declaration'. In addition, SME's will be required to upload an 'SME declaration'. If requesting <i>de minimis</i> funding, then a '<i>de minimis</i> aid compliance form is required.</p> <p>You can find more in advance about these declarations as well as the templates on our website, under 'Documents'.</p> |
| <p>Additional eligibility criteria</p> | <p>Please see documentation above.</p> |
| <p>Eligible costs</p> | <ul style="list-style-type: none"> • Salaries • Travel • Subcontracting • Materials • Communication and knowledge sharing • Other expenses • Any overhead, if applicable <p>For more details see IFD's Guidelines for International Collaborations.</p> |
| <p>Information available at</p> | <p>For general information, FAQ, etc., please visit: Innovation Fund Denmark - International Collaborations Website</p> <p>For the full rules and conditions from Innovation Fund Denmark, please see: Guidelines for International Collaborations</p> |
| <p>Other</p> | <p>N/A</p> |

b) Funding rates

Maximum funding rates (incl. overhead) and overhead rates: please refer to the [Guidelines for International Collaborations](#) (pp. 11-14).

ESTONIA – ESTONIAN RESEARCH COUNCIL (ETAG)

a) National/Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Maria Habicht E-Mail: maria.habicht@etag.ee Phone: +372 51 74 058 |
| Funding commitment | 150 000 300 000 for a coordinator |
| Anticipated number of projects to be funded | 1 |
| Maximum funding per awarded project/per partner | 150 000 300 000 for a coordinator |
| Eligible types of organisations | Large enterprises, medium enterprises, small enterprises, universities, public research organisations, public authorities, associations without economic activities, NGOs |
| Eligible Call Modules | All topics |
| Eligible types of RDI and TRL | Basic research, industrial/applied research, TRL 1-6 |
| Submission of proposal /documentation at national/regional level | No |
| Additional eligibility criteria | N/A |
| Eligible costs | <p>Budget</p> <p>1 Research expenses consist of direct costs (personnel costs, travel costs and other direct costs) and subcontracting costs. The research expenses must be used to carry out the project and be separately identifiable.</p> <p>2 Direct costs</p> <p>2.1 Personnel costs are monthly salaries with social security charges and all the other statutory costs of the project participants, calculated according to their commitment and in proportion to their total workload at their Host Institution.</p> <p>2.2 Travel costs may cover expenses for transport, accommodation, daily allowances and travel insurance.</p> <p>3 Other direct costs are:</p> <ul style="list-style-type: none"> - consumables and minor equipment related to the project; - publication and dissemination of project results; - organising meetings, seminars or conferences (room rent, catering); - fees for participating in scientific forums, conferences and other events related to the project; - patent costs; - all other costs that are identifiable as clearly required for carrying out the project (e.g. translation, copy editing, webpage hosting, etc.) and comply with the eligible costs. <p>4 Subcontracting costs should cover only the additional or complementary research related tasks (e.g. analyses, conducting surveys, building a prototype, etc.) performed by third parties. Subcontracting costs should not be included in the overhead calculation. The activities and budget should be described in the proposal. Core</p> |

| | |
|--|--|
| | <p>project tasks should not be subcontracted. Subcontracting costs may not exceed 15% of the total costs.</p> <p>5 Indirect costs are overhead from the personnel costs only, which may not exceed 15% and should cover the general expenses of the Host Institution. Costs for equipment and services intended for public use (a copy machine or a printer that is publicly used, phone bills, copy service, etc.) should be covered from the overhead.</p> <p>6. Double funding of activities is not acceptable.</p> |
| <p>Information available at</p> | <p>https://etag.ee/en/cooperation/horizon-europe/eu-partnerships/era-nets/</p> |
| <p>Other</p> | <p>State Aid EU Regulations on State aid and de minimis aid must be taken into account when requesting funding from the Estonian Research Council (ETAg). Support is not considered to be State aid for research and development, if the project has ties to the non-economic activities of the Research (or Host) Institution, as long as the research and development activities and the related costs, funding and revenue can be clearly separated, thus avoiding the cross subsidization of economic activity. The criteria defined in Clauses 17-22 of Communication from the European Commission – Framework for State aid for research and development and innovation (2014/C 198/01) forms the basis for determining whether the activities carried out are economic activities and whether the Host Institution is an undertaking who is considered to be a State aid recipient when it receives support. When an entity applies for State aid or de minimis aid, it has to fill in the State aid form. No tax arrears are allowed on the proposal submission date. If State aid and de minimis aid are given, the documents related to giving the support must be kept for 10 years as of the date when the agreement was entered into.</p> <p>State aid pursuant to the Block Exemption Regulation If the support is considered to be State aid, then support is given on the basis of Article 25, 25a or 25c of Commission Regulation (EU) No 651/2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (OJ L 187, 26.6.2014, p. 1–78) (hereinafter the Block Exemption Regulation), and the provisions of the Commission Regulation and Section 34² of the Estonian Competition Act apply. State aid is not given in cases specified under Articles 1(2) to (5) of the Block Exemption Regulation. If State aid is given on the basis of Article 25, the eligible costs of the project activities must comply with the requirements specified under Article 25(3) of the Block Exemption Regulation (except clause (c)), and the maximum aid intensity must comply with Articles 25(5) and (6). For State aid given on the basis of Articles 25a or 25c, see rules laid down in mentioned Articles accordingly. If the support applied for can be considered to be State aid, the application must include the information specified in Article 6(2) of the Block Exemption Regulation, and the application has to be submitted before the start of the activities. If State aid is given, then the costs of the activities carried out before</p> |

application submission will not be eligible for aid.

De minimis aid

If support is considered de minimis aid, then giving support is subject to Commission Regulation (EU) No 1407/2013 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to de minimis aid (OJ L 352, 24.12.2013, p. 1–8) (hereinafter the De Minimis Aid Regulation), and the provisions of the Regulation and Section 33 of the Estonian Competition Act apply.

De minimis aid is not given in cases specified under Article 1(1) of the De Minimis Aid Regulation.

In case of de minimis aid, the maximum aid intensity must comply with Article 3 of the De Minimis Aid Regulation.

De minimis aid given to the Host Institution together with de minimis aid applied for as support cannot exceed 200,000 euros during the current financial year and the two previous financial years.

Article 5 of the De Minimis Aid Regulation applies to cumulating de minimis aid.

A single undertaking is an undertaking specified in Article 2(1) of the De Minimis Aid Regulation.

Grant Agreement

If a positive funding decision is made, the Estonian Research Council enters into a grant agreement with the Host Institution. Information on the transnational project must be entered into ETIS once the agreement has been signed.

The Consortium Agreement should be signed at the latest six months after the grant agreement has been signed. If one year has elapsed and the CA has not been signed, the next instalment of funding will not be paid out.

Research Involving Human Subjects or Animal Testing

If human research or animal testing are intended in the project, a positive resolution by the Human Research Ethics Committee or the Authorisation Committee for Animal Experiments must be submitted to the Estonian Research Council by the start of the relevant activities.

Nagoya Protocol

By applying for funding by the Estonian Research Council, the applicants agree to consider the relevance of the Nagoya protocol for their research, and to submit the Due Diligence Declaration, if applicable.

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---|-----------------------|------------------------------------|---|
| Large Enterprises | 100% | 100% | N/A |
| Medium Enterprises | 100% | 100% | N/A |
| Small Enterprises | 100% | 100% | N/A |
| Universities, public research organisations | 100% | 100% | N/A |

| Associations without economic activities, NGOs | 100% | 100% | N/A |

FRANCE – AGENCE NATIONALE DE LA RECHERCHE (ANR)

a) National/Regional information and eligibility criteria

| | |
|---|---|
| <p>Contact Point</p> | <p>Name: Pascal Bain Head of the SPICE Scientific Department Pascal.bain@agencerecherche.fr</p> <p>Name: Negar Naghavi-Fleury Scientific Officer Negar.NAGHAVI-FLEURY@agencerecherche.fr mailto:</p> <p>Name: Elisa Meriggio for TRI 2 and TRI 4 Scientific Project Manager Elisa.meriggio@agencerecherche.fr</p> <p>Name: Thamires Moreira for TRI 3 and TRI 7 Scientific Project Manager Thamires.moreira@agencerecherche.fr</p> |
| <p>Funding commitment</p> | <p>3 000 000 €</p> |
| <p>Anticipated number of projects to be funded</p> | <p>8 to 10</p> |
| <p>Maximum funding per awarded project/per partner</p> | <p>500 000 € per project as a maximum in exceptional and highly justified cases. However, ANR expects typical funding requests per project to range between 200 000 and 350 000 €, depending on the number of ANR-funded partners involved and whether the coordinator of the project is funded by ANR or not.</p> |
| <p>Eligible types of organisations</p> | <p>Please consult the ANR Funding regulations and the Appendix for applicants to ANR on the ANR website for detailed information https://anr.fr/CETP-2024</p> <p>Within this framework, public research organisations (such as Universities, EPST or EPIC) as well as private entities (such as companies, NGOs and foundations) and public authorities may be eligible (provided that at least one French public research organisation requesting funding to ANR is involved in the consortium).</p> |
| <p>Eligible Call Modules</p> | <p>Only the following Call Modules are eligible for ANR:</p> <ul style="list-style-type: none"> - TRI2 CM2024-03A Advanced renewable energy (RE) technologies for power production (ROA) - TRI3 CM2024-04 Carbon capture, utilisation and storage (CCUS) - TRI3 CM2024-05 Hydrogen & renewable fuels. Concerning hydrogen production only green hydrogen production will be eligible for ANR. - TRI4 CM2024-06 Heating and cooling technologies - TRI4 CM2024-07 Geothermal energy technologies - TRI7 CM2024-10 Clean energy integration in the built environment |
| <p>Eligible types of RDI and TRL</p> | <p>Basic Research, Industrial/ Applied Research/ Experimental development. TRL 3-5 (activities at TRL above 5 are possible but must be marginal for partners requesting funding from ANR).</p> |

| | |
|--|---|
| <p>Submission of proposal /documentation at national/regional level</p> | <p>No for the pre-proposal stage. For the full-proposal stage, partners requesting funding from ANR will be asked to apply on the ANR submission platform.</p> |
| <p>Additional eligibility criteria</p> | <p>A project proposal cannot be similar in whole or in part to another proposal submitted for a call currently being evaluated by ANR (all calls for proposals and evaluation stages considered) or already funded by ANR. The similarity between two projects is established when these projects (in their entirety or in part) describe identical main objectives or result from a simple adaptation.</p> <p>The minimal funding per partner by ANR is 15 000 €.</p> <p>Companies with economic difficulties are excluded from ANR subventions.</p> <p>Partners from countries subject to sanctions applicable to the research field by the European Union authorities are excluded from this call for ANR. ANR will declare Partners requesting its support ineligible if they apply with Partners established in these countries. At the date of publication, these exclusions concern Partners from the following countries: Russia, Belarus. This list may evolve in case of new sanctions decided by the European Union.</p> |
| <p>Eligible costs</p> | <p>ANR funds basic, industrial research and experimental development activities. The eligibility of costs and rates of funding depend on types of partners, consortia composition and types of research activities. See ANR funding regulations for more details: https://anr.fr/fr/rf/</p> |
| <p>Information available at</p> | <p>A specific web page on the ANR web site is published at the opening of the Call, with details for potential applicants to ANR. https://anr.fr/CETP-2024</p> |
| <p>Other</p> | <p>It is highly recommended to contact the national contacts during the preparation of the project. Depending on the consortium composition, a Consortium Agreement may be mandatory for ANR at the funding stage for successful applications. Please refer to the ANR funding regulations for more details: https://anr.fr/fr/rf/</p> |

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---|--|--|--|
| Large Enterprises | 30 % | 30 % | 25 % |
| Medium Enterprises | 45 % | 35 – 45 % | 35 – 45 % |
| Small Enterprises | 45 % | 35 – 45 % | 35 – 45 % |
| Universities, public research organisations | see ANR funding regulations https://anr.fr/fr/rf/ | see ANR funding regulations https://anr.fr/fr/rf/ | see ANR funding regulations https://anr.fr/fr/rf/ |
| Public authorities | see ANR funding regulations https://anr.fr/fr/rf/ | see ANR funding regulations https://anr.fr/fr/rf/ | see ANR funding regulations https://anr.fr/fr/rf/ |

FRANCE/PAYS DE LA LOIRE – PAYS DE LA LOIRE REGION COUNCIL (RPL)

a) National/Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Gaëlle FROSTIN – gaelle.frostin@paysdelaloire.fr Charlotte NOBLOT – charlotte.noblot@paysdelaloire.fr |
| Funding commitment | 1 M€ |
| Anticipated number of projects to be funded | - |
| Maximum funding per awarded project/per partner | No maximum funding |
| Eligible types of organisations | Small, Medium and large companies established and carrying out R&D activities in Pays de la Loire. Other entities such as universities, public research institutions, technological centres, and other private non-profit institutions may also participate : they will be funded only if a company from Pays de la Loire is also partner of the consortium and is funded. Project activities in the proposed work plan funded by the Regional Council Pays de la Loire must be implemented in Pays de la Loire, or at least mobilise resources based in Pays de la Loire. |
| Eligible Call Modules | TRI2 – Call Module 3B (Innovation Oriented Action) : Advanced Renewable Energy (RE) technologies for power production |
| Eligible types of RDI and TRL | Projects may comprise industrial/applied research or experimental activities. Projects (IOA) are expected to make relevant progress towards the demonstration of technology to TRL 6 or above (target TRL). |
| Submission of proposal /documentation at national/regional level | No additional submission of proposal at regional level --> https://cetp-submission.mur.gov.it/ |
| Additional eligibility criteria | Companies must have been created since more than one year and have generated sufficient revenues. |
| Eligible costs | Personnel costs i.e. the cost of researchers, technicians and other supporting staff to the extent employed on the relevant project or activity (gross salary, without overheads). Indirect costs: 15% of personnel costs. Contractual research costs, technical knowledge and patents bought or licensed from outside sources at market prices, and costs for consulting and equivalent services intended exclusively for the research activity. Other operating expenses, including costs for material, supplies and similar products, which result directly from the research project. Instrument and equipment costs, to the extent and during the period in which they are used for the research project. |
| Information available at | https://www.paysdelaloire.fr/clean-energy-transition-partnership-cetp |
| Other | |

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---|-----------------------|---|---|
| Large Enterprises | Ineligible | 65% | 40% |
| Medium Enterprises | Ineligible | 75% | 50% |
| Small Enterprises | Ineligible | 80% | 60% |
| Universities, public research organisations | Ineligible | 75% of total eligible costs or 100% of marginal costs | 75% of total eligible costs or 100% of marginal costs |
| Public authorities | Ineligible | Ineligible | Ineligible |
| Associations without economic activities, NGOs | Ineligible | Ineligible | Ineligible |

Support levels will be determined by the legal status of the applicant, the size of company and the proposed activity. The support level may vary from one work package to another. The final support level and its form will be definitively defined after the selection phase.

GERMANY/FEDERAL – PROJECT MANAGEMENT JÜLICH (PtJ (BMWK))

| | |
|-------------------------------------|--|
| <p>Eligible Call Modules</p> | <p>Please note, that not all Call Modules are supported. This refers to CM2024-04 “Carbon capture, utilisation and storage (CCUS)”, which is not supported in the Joint Call 2024. All other Call Modules are supported.</p> <p>Please also note the additional national eligibility criteria for the individual Call Modules described below.</p> <p>CM2024-01 “Energy data spaces and interoperability”: Priority will be given to research organisations (private or public) and non-profit organisations. Industrial relevance results from the call module itself.</p> <p>CM2024-02 “Energy system flexibility: renewables production, storage and system integration”: The tasks of the German partners must be relevant to the electricity grid, electrical energy storage systems and/or their integration (including digitalisation). Self-funded partners or partners with regional funding are possible.</p> <p>CM2024-03A/B “Advanced renewable energy (RE) technologies for power production”: Please note the exceptions:</p> <ol style="list-style-type: none"> 1. Bioenergy for power generation (with carbon capture and storage (BECCS)) and for combined heat generation is not eligible for funding of the Federal Ministry for Economic Affairs and Climate Action (BMWK). German partners with own financing or funding are possible as “fully self-financed partners”. 2. Bioenergy applications for fuel production are not in the scope of “CM2024-03A/03B Advanced renewable energy (RE) technologies for power production”. 3. Ocean energy as well as hybrid-RES solutions with ocean energy for power generation (with negative CO₂ emissions) are not eligible for funding of BMWK. German partners with own financing or funding are possible as “fully self-financed partners”. <p>CM2024-05 “Hydrogen and renewable fuels”: Renewable fuels are not in the focus of BMWK funding. German partners with own financing or funding are possible as “fully self-financed partners”.</p> |
|-------------------------------------|--|

| | |
|--|--|
| <p>Eligible Call Modules</p> | <p>CM2024-08 “Integrated regional energy systems”: The tasks of the German partners must be relevant to the electricity grid, electrical energy storage systems and/or their integration (including digitalisation). Self-funded partners or partners with regional funding are possible.</p> <p>CM2024-09 “Integrated industrial energy systems”: Bio-CCUS are not in the focus of BMWK funding. German partners with own financing or funding are possible as “fully self-financed partners”.</p> <p>CM2024-10 “Clean energy integration in the built environment”: Please note that zero emission fuel and hydrogen for heating in buildings as well as mobility infrastructures and e-mobility concepts are not eligible for funding of BMWK. German partners with own financing or funding are possible as “fully self-financed partners”.</p> |
| <p>Eligible types of RDI and TRL</p> | <p>Focus on applied research (TRL 5 – 8, lower TRL down to 3 only in special and justified cases)</p> |
| <p>Submission of proposal /documentation at national/regional level</p> | <p>Full Proposal Phase We may request additional documents (e.g. German project description, credit rating documents, cost breakdown, information about planned exploitation of results etc.) for successful pre-proposals in individual Call Modules. These documents must be submitted at the same deadline as the Full Proposals and contain information on the evaluation criteria of the 8th Energy Research Programme: https://www.bmwk.de/Redaktion/DE/Publikationen/Energie/20240531-energieforschung-im-rahmen-des-8-energieforschungsprogramms.html. Detailed information will follow after a successful pre-proposal.</p> <p>Successful proposals Successfully selected full proposals must later submit formal national applications (“Anträge”) and additional, tangible exploitation plans via the national application system easy-Online. (Applicants will be informed about the direct link for submission).</p> |
| <p>Additional eligibility criteria</p> | <p>The projects must fit thematically into the currently effective 8th Energy Research Programme of the Federal Ministry for Economic Affairs and Climate Action (BMWK). Industrial relevance and industrial participation are further requirements and eligibility criteria. Proposals must provide sound cost calculations breakdowns and clear exploitation plans. Proposals must show significant progress on state of the art and compared to nationally funded projects.</p> |

| | |
|--|---|
| <p>Eligible costs</p> | <p>All project related costs (e.g., personnel, equipment [depreciations], consumables, travel expenses, etc.). Funding rates will be granted based on the targeted TRL, type of organisation, expected impact of results and financial situation of applicants. An appropriate self-financial engagement of the industry is mandatory. Applicants are strongly advised to consult the BMWK guidelines on eligible costs (Richtlinien für Zuwendungsanträge (AZA/AZK)): https://foerderportal.bund.de/easy/easy_index.php?auswahl=formularschrank_foerderportal&formularschrank=bmwk.</p> |
| <p>Information available at</p> | <p>8th Energy Research Programme of the Federal Ministry for Economic Affairs and Climate Action (BMWK) https://www.bmwk.de/Redaktion/DE/Publikationen/Energie/20240531-energieforschung-im-rahmen-des-8-energieforschungsprogramms.html</p> |
| <p>Other</p> | <p>We strongly recommend to contact the above named contact persons for detailed information in advance.</p> |

GERMANY/SAXONY – SAXON STATE MINISTRY FOR SCIENCE, CULTURE AND TOURISM (SMWK)

a) Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Gabriele Süptitz E-Mail: gabriele.sueptitz@smwk.sachsen.de Phone: +49351 564-64210 |
| Funding commitment | Approx. 2 Mio. EUR |
| Anticipated number of projects to be funded | No limitations |
| Maximum funding per awarded project/per partner | No limitations |
| Eligible types of organisations | For Saxon Universities and Research Institutions: see RL EuProNet For Saxon Enterprises: see also RL EFRE/JTF Technologie-förderung 2021 bis 2027. Important note for Saxon Enterprises: Projects funded by the EFRE/JTF-Technologieförderung 2021bis 2027 may have a maximum duration until July 2028. |
| Eligible Call Modules | All Call Modules are eligible for funding. |
| Eligible types of RDI and TRL | For Saxon universities and research institutions: all type of research and TRL is eligible for funding. For Saxon enterprises: only project parts related to applied research or experimental development are eligible for funding (TRL 2-7) |
| Submission of proposal /documentation at national/regional level | No regional schedules, cut-off dates or deadlines No additional submissions of regional applications during the evaluation processes (pre- and fullproposal stage) Only in the case of a positive funding recommendation of the full proposal, Saxon applicants will be asked to submit a regional application according to the related Saxon guidelines (for Saxon universities and research organisations: RL EuProNet; for Saxon enterprises: RL EFRE/JTF-Technologieförderung 2021 bis 2027) |
| Additional eligibility criteria | No thematic restrictions; Saxony will support projects within the entire scientific scope outlined in the Call Announcement, Other eligible criteria: For Saxon universities and research organisations: see RL EuProNet. For Saxon enterprises: see RL EFRE/JTF –Technologieförderung 2021 bis 2027 |
| Eligible costs | For Saxon universities and research organisations: see RL EuProNet For Saxon SMEs/large industries: see RL EFRE/JTF – Technologieförderung 2021 bis 2027 |

GREECE – General Secretariat for Research and Innovation (GSRI)

GREECE – General Secretariat for Research and Innovation (GSRI)

a) National/Regional information and eligibility criteria

| | |
|---|---|
| <p>Contact Point</p> | <p>-Dr Anna Rosenberg International S&T Cooperation Directorate Bilateral and Multilateral Cooperation Department 14-18, Mesogeion Ave., GR-115 27 Athens, Greece Tel.: +30 213 13 00 095 Fax: +30 210 7714153 E-mail: a.rosenberg@gsrt.gr</p> <p>-Ms. Alikí – Maria Argyri International S&T Cooperation Directorate European Union and International Organizations Department 14-18, Mesogeion Ave., GR-115 27 Athens, Greece Tel: +30 213 1300101 E-mail: a.argyri@gsrt.gr</p> |
| <p>Funding commitment</p> | <p>1.000.000,00€</p> |
| <p>Anticipated number of projects to be funded</p> | |
| <p>Maximum funding per awarded project/per partner</p> | <p>Upper limit of the total public funding will be 180.000 € per project (including indirect costs). Please note that this amount can be increased to 230.000 € per project if Greek partner assumes the project coordination. The maximum state aid intensity will be calculated according to the provisions of the European state aid rules and regulations in force (type of research activity, size of the participating enterprise, collaborative research etc).</p> |

| | |
|--|--|
| <p>Eligible types of organisations</p> | <p>GSRI potentially supports private and public legal entities namely: private enterprises (such as SMEs, large-companies etc), research organizations, higher education institutions, and other public organizations with R&D activities, associations without economic activities, NGOs.</p> <p>Individuals as well as individual enterprises are not eligible under this scheme.</p> <p>Besides natural persons, the following categories of undertakings are also not eligible:</p> <p>An “undertaking in difficulty” (according to art.2 of Reg. (EU) 651/2014*) whose affairs are being administered by the court, who have entered into an arrangement with creditors, who have suspended business activities or who are in any analogous situation</p> <p>An undertaking which is subject to an outstanding recovery order following a previous Commission decision declaring an aid illegal and incompatible with the internal market.</p> <p>Large enterprises are eligible to receive funding under the condition that a Greek SME participates in the consortium.</p> <p>Applicants may submit, if they are enterprises, up to two (2) proposals from the same enterprise in the current call, and for Public research Institutes and Universities up to two (2) proposals at the level of the same Laboratory or School or Institute or Department.</p> |
| <p>Eligible Call Modules</p> | <p>Call Modules 1, 2, 4, 5</p> |
| <p>Eligible types of RDI and TRL</p> | <p>TRL3-(8) in compliance with the (COMMISSION REGULATION (EU) 2021/1237 of 23 July 2021 amending Regulation (EU) No 651/2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty, page 3, article 13)</p> |
| <p>Submission of proposal /documentation at national/regional level</p> | <p>At national level, only eligibility check is conducted and not a full peer review at pre-proposal and full proposal stages. We rely on the evaluation made by the Call Evaluation Committee and external reviewers.</p> <p>Submission at the national level is required at a later stage. A national procedure will follow for the approved for funding, at the transnational level, proposals only. For more information please contact the NCP.</p> |

* Reg. (EU)651/2014 as amended by Reg.(EU) 2021/1237 & Reg.(EU) 2023/1315.

Eligible costs

- **Aid intensity**

Public research Institutes and Universities: the aid intensity can reach 100% for performing non-economic activities in accordance with point 19, article 2.1.1 of the «Framework for State aid for research and development and innovation» (2014/C 198/01).

Private Sector: (a) 50% of the eligible costs for industrial research; (b) 25% of the eligible costs for experimental development; (c) 50% of the eligible costs for feasibility studies.- The aid intensities for industrial research and experimental development may be increased up to a maximum aid intensity of 80% of the eligible costs as follows:

(a) by 10 percentage points for medium-sized enterprises and by 20 percentage points for small enterprises;

(b) by 15 percentage points if one of the following conditions is fulfilled:

(i) the project involves effective collaboration:

— between undertakings among which at least one is an SME, or is carried out in at least two Member States, or in a Member State and in a Contracting Party of the EEA Agreement, and no single undertaking bears more than 70 % of the eligible costs, or

— between an undertaking and one or more research and knowledge-dissemination organisations, where the latter bear at least 10 % of the eligible costs and have the right to publish their own research results;

(ii) the results of the project are widely disseminated through conferences, publication, open access repositories, or free or open source software.

-The aid intensity for feasibility studies may be increased by 10 percentage points for medium-sized enterprises and by 20 percentage points for small enterprises.

- **Foreseen cost categories:**

(a) **personnel costs:** researchers, technicians and other supporting staff to the extent employed on the project.

(b) **costs of instruments and equipment** to the extent and for the period used for the project. Where such instruments and equipment are not used for their full life for the project, only the depreciation costs corresponding to the life of the project, as calculated on the basis of generally accepted accounting principles are considered as eligible

(c) **costs of contractual research, knowledge and patents** bought or licensed from outside sources at arm's length conditions, as well as costs of consultancy and equivalent services used exclusively for the project

(d) **additional general costs and other operating expenses**, including costs of materials, supplies, travel expenses, organization of meetings, dissemination/publicity costs, audit costs, incurred directly as a result of the project implementation

(e) **indirect costs** = flat rate of 25% of direct costs (except subcontracting costs). Indirect costs are eligible for all legal entities and include costs that do not incur directly as a result of the project implementation (e.g. administrative and management costs, utility costs)

In compliance with the (COMMISSION REGULATION (EU) 2021/1237 of 23 July 2021 amending Regulation (EU) No 651/2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty.

Note:

- (1) Indian Enterprises may receive their part of the eligible costs on a “**Reimbursement Basis**”, for costs already incurred on a proportionate basis through the lead organization.
- (2) Rates mentioned above will be the maximum cap on funding lines subject to DST funding guidelines.

IRELAND – GEOLOGICAL SURVEY IRELAND (GSI)

a) National/Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Aoife Braiden, Geological Survey Ireland (Department of the Environment, Climate and Communications) research@gsi.ie |
| Funding commitment | €200,000 |
| Anticipated number of projects to be funded | 1-2 |
| Maximum funding per awarded project/per partner | €200,000 |
| Eligible types of organisations | SMEs and research organisations are eligible to apply. All funding must be in line with State Aid (it is the responsibility of the beneficiary to ensure compliance) |
| Eligible Call Modules | Geothermal Call Module, TRI4 |
| Eligible types of RDI and TRL | Geothermal heating and cooling. For example: resource estimation, resource management, subsurface management, geoscience data, social acceptance of geothermal energy, geology and geotechnical engineering related to subsurface thermal storage. Applicants must check in advance with GSI if the proposed topic is eligible TRL 1-7 eligible |
| Submission of proposal /documentation at national/regional level | Applicants must be eligible under GSI rules to apply – all applicants must contact GSI in advance of submission. The proposal will not be reviewed for quality of scientific content at national level, but will be assessed to ensure the topic is within the remit of the GSI and adhering to budget and eligibility rules. |
| Additional eligibility criteria | Eligibility check will be conducted regarding (a) topic, (b) eligibility of the host organisation and (c) budget. |
| Eligible costs | Direct costs (staff, fieldwork, travel, consumables etc) + indirect costs, max 15% (of total direct costs excluding subcontracting). Durable equipment of <€15,000 is eligible but must be clearly justified and depreciation rules applied. Applicants must have pre-approval from GSI for any equipment > €15,000 with depreciation and standard accounting rules applied. |
| Information available at | research@gsi.ie GSI website |

IRELAND– SUSTAINABLE ENERGY AUTHORITY OF IRELAND (SEAI)

a) National/Regional information and eligibility criteria

| | |
|---|---|
| Contact Point | Joanne Fitzgerald energyresearch@seai.ie |
| Funding commitment | €500,000 |
| Anticipated number of projects to be funded | |
| Maximum funding per awarded project/per partner | €250,000 maximum per partner €250,000 maximum per project |
| Eligible types of organisations | SEAI research funding programmes are open to public and private sector organisations based in the Republic of Ireland (including Irish subsidiaries of overseas companies) who wish to carry out projects in Ireland. Applications will be accepted from companies, 3rd level educational bodies, public sector bodies and semi-state bodies who are based in the Republic of Ireland. It is strongly recommended that interested applicants contact the SEAI national contact point in the early stages of project proposal preparation. |
| Eligible Call Modules | All Call Modules, where proposals align with SEAI’s remit and the overarching objectives of the SEAI National Energy Research, Development and Demonstration (RD&D) Funding Programme are eligible to apply. Applicants should refer to the SEAI website and the following link for an overview of the RD&D programme objectives: https://www.seai.ie/grants/research-funding/research-development-and-demonstration-fund/ |
| Eligible types of RDI and TRL | Applicants should refer to the SEAI RD&D Budget Policy and to the SEAI website for further details of SEAI’s remit and SEAI research funding programme objectives and eligibility guidelines SEAI RD&D Budget Policy: SEAI-RDD-Budget-Policy.pdf |
| Submission of proposal /documentation at national/regional level | Separate national application required. Please contact the SEAI national contact point for further details on the national application process. |

| | |
|---|---|
| <p>Additional eligibility criteria</p> | <p>Applicants should refer to the SEAI RD&D Budget Policy and to the SEAI website for further details of SEAI’s remit and SEAI research funding programme objectives and eligibility guidelines.</p> |
| <p>Eligible costs</p> | <p>Eligible costs are those actual, necessary and economic costs that are incurred during the grant duration. Only costs directly associated with delivery of a project are considered eligible costs. Please review the SEAI RD&D Budget Policy for further guidance on budgetary policies and financial requirements associated with the SEAI National Energy RD&D Funding Programme, including further guidance in relation to eligible costs and funding rates.</p> |

More information under “Eligible costs”.</p> <p>At the Full Proposal phase, it is required to submit a NWO budget form for financial details separately to cetpartnership@NWO.nl. This form is available on: www.nwo.nl/cetp</p> |
| <p>Additional eligibility criteria</p> | <ul style="list-style-type: none"> - An application for NWO funding has a single main applicant responsible for scientific and financial management. - An applicant may only request NWO funding for one project (part of a European consortium) in this call. - Applicants may not apply for a post-doc position for themselves. |

| | |
|--|---|
| <p>Eligible costs</p> | <p>The NWO budget modules (including the maximum amount) available for this Call for proposals are listed in the table below. Apply only for funding that is vital to realise the project.</p> <p>Proposals are required to have at least one personnel position of 12 full-time months.</p> <p>Available budget modules:</p> <ul style="list-style-type: none"> - Postdoc – at least 12 full-time months and at most 36 full-time months, according to UNL or NFU rates - Research leave – max. 5 months, 1 fte, according to UNL or NFU rates - Material costs – max. €15,000 per year per full-time scientific position (postdoc) - Personnel at universities of applied sciences and TO2 institutes – Rates according to the Hourly rate productive hours, excl. Dutch VAT’ from the Handleiding Overheidstarieven [HOT- Manual Dutch Government rates]**. Personnel TO2 institutes only in combination with an application for a postdoc position. - Non-scientific staff (NSS) at universities - Knowledge utilisation - €25,000 - Internationalisation - max. €25,000 <p>Please note the following:</p> <ul style="list-style-type: none"> - For the budget module “Postdoc”, a one-off individual bench fee of €5,000 is added on top of the salary costs to encourage the scientific career of the project employee funded by NWO. - PhD positions cannot be applied for in this call, due to the maximum project duration of 3 years. - Overhead costs are not eligible for NWO funding. <p>A more detailed explanation of the budget modules and eligible costs can be found at www.nwo.nl/cetp. Do not hesitate to contact the National Contact Point in case of questions.</p> <p>For Full Proposals, it is mandatory to submit the NWO budget template for the funding requested at NWO at the time of the deadline. Please send this form to cetpartnership@nwo.nl. It is recommended to use the NWO budget form already in the pre-proposal stage to confirm eligibility of budget items.</p> |
| <p>Information available at</p> | <p>www.nwo.nl/cetp</p> |

| | |
|--------------|--|
| Other | <p>The NWO Grant Rules 2017 and the Approval of funding for scientific research 2008 are applicable to the part of the project's budget covered by the grant from NWO. Any arrangements made regarding the part of the project's budget covered by the grant from NWO, for instance in a Consortium Agreement, must comply with the NWO Grant Rules 2017 and the European legislation on state aid.</p> <p>Under the Dutch General Administrative Law Act, any interested party has the right to lodge an objection to the decision taken by NWO within six weeks of the date of the decision letter. Contrary to paragraph 6.3 of the CETPartnership Joint Call 2024, objections to decisions taken by NWO must be submitted directly to NWO. Further information about the objections procedure, including instructions on how to submit an objection, can be found on the NWO website: https://www.nwo.nl/en/lodging-an-objection</p> |

NETHERLANDS – RIJKSDIENST VOOR ONDERNEMEND NEDERLAND (RVO)

a) National/Regional information and eligibility criteria

| | |
|---|--|
| Contact Point | Gerdi Breembroek Gerdi.breembroek@rvo.nl +31 6 5256 4480 Jirka Berka Jirka.berka@rvo.nl José van Koppen jose.vankoppen@rvo.nl |
| Funding commitment | 8 million euros total commitment, from Regeling nationale EZK- en LNV-subsidies (RNES) § 4.2.10 ‘Demonstratie energie en klimaatinnovatie’ (DEI+) and § 4.2.18 ‘Horizon Europe Partnerships’ (HEP). 7 million euros reservation for HEP, and 2 million of that amount is earmarked for topic 4, CCUS. Actual funding will be adapted to volume of eligible projects. |
| Anticipated number of projects to be funded by the funding partner | 5-10 projects |
| Maximum funding per awarded project/per partner | For DEI+ : limitation as in funding instrument. For HEP: Maximum € 1.000.000 funding per project |
| Eligibility of a partner as a beneficiary institution | All instruments: at least one Dutch company should be collaborating in the consortium. The company should take a sufficient financial risk and participate actively in the research and development activities. Municipalities and provinces are not eligible. For DEI+, companies should realise the majority of the project cost as per the DEI+ requirements. |
| Eligible topics | 2. Energy system flexibility: renewables production, storage and system integration: HEP, DEI+ 3B. Advanced renewable energy technologies for power production: HEP, DEI+ 4. Carbon capture, utilisation, and storage (CCUS): HEP (2 million earmarked), DEI+ 5. Hydrogen and renewable fuels: HEP for advanced fuels from sustainable biomass only , DEI+ 6. Heating and cooling technologies: HEP, DEI+ 7. Geothermal energy technologies: HEP, DEI+ 8. Integrated regional energy systems: DEI+ 9. Integrated industrial energy systems: DEI+ 10. Clean energy integration in the built environment: HEP |
| Eligible type of research and TRL | For DEI+: Pilots (experimental development) and demonstration, indicative TRL 6-9. For HEP: Industrial research, experimental development, indicative TRL 4-5. All pilots and demos should be proposed in DEI+. It is not possible to use both schemes for the same CETPartnership project (pre-)proposal. |

| | |
|--|--|
| <p>Submission of the proposal at national/regional level</p> | <p>Always consult your national contacts!</p> <p><u>HEP</u></p> <p>Pre-proposal: Submission ‘Projectidee’ to RVO</p> <ul style="list-style-type: none"> - Deadline 25 November 2024 - ‘Projectidee’: highlight the chances for a successful implementation of the innovation in the Netherlands, and the role and activities of the Dutch partners in the project - Submit through RVOs ‘Projectidee’ tool, and by E-mail to the national contacts mentioned above as well. <p>Full proposal: Submission HEP proposal to RVO</p> <ul style="list-style-type: none"> - Deadline 2 April 2025 17:00 uur. - Submission through RVO’s electronic submission system - National proposal, specifying the Dutch funding request, roles and activities, with a national project Annex to explain the Dutch activities. - Please note that “E-herkenning niveau 3” is required. <p><u>DEI+</u></p> <p>Pre-proposal: Submission ‘Projectidee’ to RVO</p> <ul style="list-style-type: none"> - Deadline 25 November 2024 - ‘Projectidee’: highlight how the international project objectives contribute to the aim of DEI+, and the role and activities of the Dutch partners in the project - Submit through RVOs ‘Projectidee’ tool, and by E-mail to the national contacts mentioned above as well. <p>Full proposal: Submission DEI+ proposal to RVO</p> <ul style="list-style-type: none"> - Deadline 2 April 2025, unless instructed otherwise by the national contacts. - Submission through RVO’s electronic submission system - Full national proposal, specifying the Dutch funding request roles and activities, with a full national project plan. The DEI+ proposal should be readable on its own, without the need to refer to the international proposal. - Please note that “E-herkenning niveau 3” is required. |
| <p>Additional eligibility criteria for the funding agency</p> | <p>The DEI+ has its own requirements and conditions. In order to be eligible for this scheme, you have to positively meet these requirements. Please consult the relevant information, see links below.</p> <p>For HEP, you need to meet the following criteria:</p> <ul style="list-style-type: none"> - At least one Dutch company should be part of the consortium. The company should take a sufficient financial risk and participate actively in the research and development activities |

| | |
|---------------------------------|---|
| | <ul style="list-style-type: none"> - The innovation should have a substantiated chance for successful implementation into the Dutch market and society. - Sufficient CO2 emissions reduction in 10 years after project start should be substantiated |
| Eligible costs | <p>Definitions according to the guidelines laid down in the General Block Exemption Regulation (GBER – In Dutch AGVV), Article 25 covers Research and development, other articles cover investment aid in specific categories.</p> <p>HEP: GBER Article 25</p> <p>DEI+: GBER Articles 25, 36, 38, 38a, 41, 46, 47, 56, see Internet pages and manual (Dutch).</p> |
| Information available at | <p>www.rvo.nl/tse - select the relevant funding scheme.</p> <p>Please read the “Handleiding” (=manual) carefully for HEP</p> <p>https://www.rvo.nl/subsidies-financiering/hep</p> <p>for DEI+</p> <p>https://www.rvo.nl/subsidies-financiering/dei</p> <p>Handleiding: Go through DEI pages for the up-to-date version</p> |
| Other | <ul style="list-style-type: none"> - The national evaluation process will be the customary process for DEI+, please consult the respective manual. International evaluation leading in case of HEP. - For obvious reasons, the results of the national evaluation process shall be communicated after the trans-national funding recommendations have been made, irrespective of your date of submission. Without the international partners, the project cannot be implemented as proposed and will not be funded. - Customary national progress reporting will be required for all funded projects. - The information contained in this annex is not complete about the national regulations. For specific details and conditions you should always consult the original regulation texts, manuals and websites. - It is strongly recommended to contact the national contact points to discuss the pre-proposal as well as full-proposal before submission. |

|--|---|

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development /innovation |
|---|-----------------------|------------------------------------|---|
| Large Enterprises | not eligible | Up to 50+5/15/25 (max 75 %) | Up to 25+5/15/25 (max 50 %) |
| Medium Enterprises | not eligible | Up to 50+10+5/15/25 (max 80 %) | Up to 25+10+5/15/25 (max 60 %) |
| Small Enterprises | not eligible | Up to 50+20+5/15/25 (max 80 %) | Up to 25+20+5/15/25 (max 70 %) |
| Universities, public research organisations | not eligible | Up to 100% | Up to 100% |
| Public authorities | not eligible | not eligible | not eligible |
| Associations without economic activities, NGOs | not eligible | not eligible | not eligible |

Funding quota for Polish participants may be up to 100% for universities and research organisations. In case of enterprises, funding quota will be decided on a case-by-case basis depending on the size of the company and type of research/development under Section 2 of the Regulation of the Minister of Science and Higher Education of 19 August 2020 on granting state aid by the National Centre for Research and Development, published in Journal of Laws item 1456, 2020.

In any case only Industrial Research and Experimental Development will be funded. Other type of activities (e.g. coordination, dissemination, management) cannot be included into separate task.

For entrepreneurs independently undertaking projects at the national level (meaning there is no Polish group of entities or Polish group of enterprises), there is no possibility of increasing the intensity of state aid for industrial research and experimental development based on the condition of effective cooperation between entrepreneurs or between entrepreneurs and research organisations.

PORTUGAL – FUNDAÇÃO PARA A CIÊNCIA E A TECNOLOGIA I.P. (FCT)

Applications requesting funding from FCT under this call will be subject to [FCT Regulation on projects funded solely by national funds](#), as amended by the Regulation no. 5/2024, of 3 January, hereinafter referred to as FCT Regulation, which amends and republishes Regulation no. 999/2016, of 31 October, and to other applicable national and EU legislation.

a) National/Regional information and eligibility criteria

| Eligible types of RDI and TRL | Type of research: strategic (basic) research, applied research, experimental development TRL: 1-8 |
| Submission of proposal /documentation at national/regional level | Electronic application is required via: https://uidb-pbs.tubitak.gov.tr/ |
| Additional eligibility criteria | <p>National “1071 Programme - Support Programme for Increasing Capacity to Benefit from International Research Funds and Participation in International R&D Cooperation” Programme will be implemented.</p> <p>Further information will be announced on https://ufukavrupa.org.tr/</p> |

CETPartnership Joint Call 2024

| | |
|---------------------------------|--|
| | and https://tubitak.gov.tr/tr |
| Eligible costs | Personnel, travel, equipment/tool/software, consultancy and service procurement, consumables are eligible for funding. |
| Information available at | Further information will be announced on https://ufukavrupa.org.tr/ and https://tubitak.gov.tr/tr |
| Other | |

b) Funding rates

Maximum funding percentages:

| | Basic research | Industrial/Applied Research | Experimental development/innovation |
|---|-----------------------|------------------------------------|--|
| Large Enterprises | 60% | 60% | 60% |
| Medium Enterprises | 75% | 75% | 75% |
| Small Enterprises | 75% | 75% | 75% |
| Universities, public research organisations | 100% | 100% | 100% |
| Public authorities | 100% | 100% | 100% |
| Associations without economic activities, NGOs | N/A | N/A | N/A |

UNITED KINGDOM/SCOTLAND – SCOTTISH ENTERPRISE (SE)

a) National/Regional information and eligibility criteria

| | |
|--|---|
| Contact Point | Richard Buxbaum richard.buxbaum@scotent.co.uk |
| Funding commitment | €5M |
| Anticipated number of projects to be funded | 6-10 projects |
| Maximum funding per awarded project/per partner | No maximum |
| Eligible types of organisations | <p>Companies that are legal entities operating and carrying out research and development activities within Scotland or companies intending to establish a presence within the area to carry out research and development activities. This includes subsidiaries of overseas companies.</p> <p>Universities or other research organisations (ROs) that are legal entities registered and operating in Scotland, subject to the following conditions:</p> <ul style="list-style-type: none"> • ROs will only be eligible if there are at least two companies involved in the collaborative project, one of which must be located in Scotland and be eligible for and requesting SE funding • The work being carried out by the research organisation should be of direct relevance to at least one of the participating Scottish companies; • The total budget of the research organisation should be no greater than the combined total budgets of the Scottish companies involved in the collaborative project and seeking funding from SE. |
| Eligible Call Modules | We will consider applications under all Call Modules. However, as part of our eligibility process, projects will be expected to demonstrate relevance to Scottish Government energy strategies and expected contribution to economic development in Scotland. |

| | |
|---|--|
| Eligible types of RDI and TRL | <p>No specific rules on TRLs; please refer to CETP call modules. Projects should include the development of new products, processes or services for Scottish companies.</p> |
| Submission of proposal /documentation at national/regional level | <p>Yes, at Full Proposal stage. Further information will be provided to applicants invited to Stage 2.</p> |
| Additional eligibility criteria | <p>Project-specific costs including salaries, overheads, equipment, subcontracting, consultancy, training, materials, trials, IP management (SMEs only), travel and subsistence, and audit certificates for financial claims (SMEs only). Detailed guidance available on request.</p> |
| Eligible costs | <p>Yes, at Full Proposal stage. Further information will be provided to applicants invited to Stage 2.</p> <ul style="list-style-type: none"> • The project / activity must be strategically important to the Scottish company(ies) and in line with its business plan. • The project must involve research and development activity in Scotland. However, testing in a demonstration site outside Scotland is also eligible. • Projects must have the potential to deliver benefits to Scotland's economy and the new product, process or service must, in the case of non-SMEs, be able to compete in a global marketplace. |
| Information available at | <p>From contacts above</p> |
| Other | <p>Please speak to Scottish Enterprise contact prior to submitting a proposal to discuss the project scope.</p> |
